Comments.

- (1) The occupation of the Hindenburg Kaserne appears unchanged.
- (2) This information confirms that units absent from the post include: the 94th RL Regt (US) of the XXIX Gds Mtz Rifle Corps which probably still is in Kindel, the 19th Gds Mecz Regt of the 8th Gds Mecz Div which is in Koenigsbrueck, and components of the 13th AAA Div whose whereabouts could not be established. Units of the 13th AAA Div probably were in Altengrabow, Wustrow, Ohrdruf and, possibly, Lossa. The motor vehicle to the 13th AAA Div, the 94th RL Regt (US) and the 8th Gds Mecz Div and/or replacement series of the 8th Gds Army and the First Gds Mecz Army.
- (3) This information again confirms that the bulk of the 21st Gds Mecz Regt of the 8th Gds Mecz Div which is believed to be in Koenigsbrueck is not in the Leipzig-Heiterblick barracks installation. This installation is probably occupied only by a rear detail and the repair shop carried there. Most of the motor vehicles seen belong to the 8th Gds Mecz Div.

- (4) Further information is needed to determine the occupation of the Train Kaserne. A report in late January indicated that the installation quartered a transport unit of the GOFG. The motor vehicle [REDACTED] trucks which entered the Train Kaserne via the ration supply depot probably belong to a GHI unit of the GOFG, while [REDACTED] and the two motor vehicle [REDACTED] as seen in the Train Kaserne belong to the 5th Gds Hecz Div and [REDACTED] the First Gds Hecz Army.
- (5) This information again confirms the MGB unit stationed in the Treitschke Kaserne. Most of the motor vehicle [REDACTED] belong to this unit.
